 A WATERMARK COMMUNITY

PERSONAL CARE • MEMORY CARE

REDEFINING SENIOR LIVING

More than 30 years of experience have taught us that today's seniors want more choices and are leading a more active lifestyle than generations before. That's why we created a community filled with options, from affordable studio apartments to spacious two-bedroom suites, great cuisine and fun events plus engaging mind and body fitness classes. It's all part of our culture of choice.

IT'S NOT WHAT YOU'D EXPECT, AND THAT'S THE WHOLE POINT.

AN OPTION FOR EVERY APPETITE

Dining at Rose Tree Place isn't what you'd expect. In fact, we think you'll be amazed. Do you expect your meals to be cooked to order by a skilled chef and graciously served by friendly staff with impeccable attention to detail? Beyond nutritious and delicious, meals are times to gather, connect and enjoy life's simple pleasures. Old favorites and interesting new delights are always on the menu and with Thrive Dining™, those same choices come in attractively served, bite-size portions to make meal times even more enjoyable. Our Pantry Program even provides residents personal space to store favorite items like mint Milano cookies or tomato bisque, so comfort foods are always close at hand. Of course if you love to cook, why not have a few friendly neighbors over to share your favorite dish prepared in your full kitchen? At Rose Tree Place, the choice is yours.

A NEW KIND OF MEMORY CARE

When it comes to Memory Care, we're going to challenge all your expectations. We've created a positive, safe, residential environment with all the assistance you need and the best in memory care services. Just let us know your preferences for what, where, when and how and we'll take care of the details. And here, our encouraging associates always focus on what you *can* do, never what you cannot.

MEET THE NAYAS

The word *Naya* comes from the ancient language of Classical Sanskrit and is based on being engaged in the present moment. A Naya is a guide, person of wisdom, conductor and leader. These terms truly define our caregivers. In perfect alignment with our universal care model, being mindfully engaged in each moment cultivates a sense of well-being, community, spontaneity and creativity.

In traditional senior-living models, care is divided between several associates who interact with a resident only within their particular area of limited duties. This not only results in reduced continuity, it prevents associates from seeing the big picture of each resident's well-being. Because our Nayas spend the day with residents, they notice the early signs of concern that might otherwise go unseen. Nayas know if residents have a good appetite, how well they slept and when they last exercised or participated in a new program. They can observe how individuals react to a change in type or dosage of medicine or a new therapy. Understanding the big picture results in a healthier, happier, more connected lifestyle.

The background is a solid dark blue color. Overlaid on this are several light blue, semi-transparent decorative elements. These include a large, wide, sweeping arc that starts from the left edge and curves towards the right. Below this, there are more intricate, swirling lines that form a sense of movement and depth, resembling stylized waves or abstract calligraphy. The overall aesthetic is clean, modern, and professional.
